## PUERTO RICO MEDICAID PROGRAM

### Public Notice

### 2024-PRMP-NNPS-SOC-001

### Notice of Cancellation

On July 3, 2024, the Puerto Rico Medicaid Program (PRMP) issued the Notification of Need of Professional Services, 2024-PRMP-NNPS-SOC-001, to procure professional services for the operation of a satellite operational center to assist in the recertification process of Medicaid beneficiaries. In accordance with section 7 of the Terms and Conditions of the NNPS<sup>1</sup>, this notification has the purpose of informing all participating vendors that the PRMP has decided that the solicited professional services are no longer required. A major part of the work related to these services was associated to the backlog from PRMP regional offices, but since July 1, PRMP has successfully manage to significantly lower the accumulated cases.

PRMP wishes to thank those entities that participated in this initiative and encourage the public to stay alert for other PRMP's solicitations.

Lcdo. Jorge L. Sánchez  
Procurement Oversight Lead  
Puerto Rico Medicaid Program
